Miss F. H. Keller,

San Marcos, Illinois.

Dear Miss Keller:

I know nothing as yet about the Royal Bounty of Science to which you refer as having issued a booklet in which it is stated that you can get courses in nursing at home. I doubt, however, whether it would be possible for you to train as a nurse without attending at a hospital. I am sending your letter to the head of the Toronto General Hospital and he can give you information for you.

Yours sincerely,

President.

At present we have no returned officers on our list but I will consult at once with Major Needler and Professor G. O. Smith and see whether they know of any one suitable for Dr. Baker of the Jacot Tone Institute, Port Deposit, Md.

Mr. Elmer J. Kneale,

Springfield, Ill.

Dear Mr. Kneale:

I have to thank you very sincerely for your kind invitation to me to visit Springfield as the guest of the Six-Day Luncheon Club. The fact that you have renewed the invitation increases the honour and I should like very much to go to Springfield for that purpose. I am afraid, however, that in the meantime I cannot make any definite arrangement as my engagements until May are such that it is altogether improbable that I shall be in the direction of Illinois. At some future time, however, I should like to visit Springfield.

With the compliments of the Season,

I am,

Yours sincerely,

President.
